--	---

Accept Foreign Medical Graduate
Yes (please see mandatory requirements)

English language proficiency: International Medical Graduates are required to provide proof of proficiency in the English language that meets the requirements of the College of Physicians and Surgeons of Saskatchewan.

International medical graduates are exempt from language proficiency testing if their medical education was in one of the following countries or Caribbean Islands identified by the Federation of Medical Regulatory Authorities of Canada as having English as a first or native language: Australia, Bahamas, Bermuda, British Virgin Islands, Canada, Ireland, New Zealand, Singapore, South Africa, United Kingdom, United States of America, US Virgin Islands; Caribbean Islands: Anguilla, Antigua & Barbuda, Barbados, Dominica, Grenada, Grenadines, Jamaica, St. Kitts & Nevis, St. Lucia, St. Vincent, Trinidad & Tobago.

IMG applicants whose medical education was in a country not listed above will be required to complete one of the following language exams, or demonstrate other proof of English proficiency acceptable to CPSS. CPSS will accept a valid test score from one of the following language exams:

- IELTS academic version and achieved a minimum of 7.0 in each of the components; or
- OET-medicine version and achieved a minimum grade of B; or
- CELPIP – General and achieved a minimum grade of 9 in all sections.

Exam scores will be considered valid for 2 years from the date taken. Scores that are less than those stated above will not be considered. Score results that have expired will not be considered.

Alternative proof of language proficiency: International Medical Graduates who completed high school in Canada with instruction entirely in English are required to submit their Canadian high school transcript on if they would like to request an exemption from the CPSS English language requirement.

MCCQE1 or USMLE: IMGs must provide proof of successful completion of the MCCQE1 all three steps of USMLE (Statement of Results, Supplemental Information Report).

Annual Stipend/Salary

The salary for the fellow is \$89,359 per annum in Canadian dollars for 2021-2022. Unless the candidate is externally funded.

Malpractice insurance is arranged through the Canadian Medical Protective Association by the fellow on the basis of an educational or limited license.

Additional Benefits (e.g. meetings, housing)

The fellow is given 4 weeks leave during the year. All time away from the practice must be cleared in advance with the Fellowship Director.

On Call Responsibilities

The fellow is on-call for after-hours and weekend call for the patients of Dr. Jaggi including private practice and community hospital Otolaryngology - Head & Neck Surgery call (St. Paul's Hospital).

Case Mix

Surgical exposure will include approximately >200 ablative/reconstructive cases (Major/Minor), 30-50 rhinoplasties, 30-50 aging face cases, 50-70 oculoplastic cases. The fellow will have an excellent exposure to non-surgical aspects of facial plastic surgery as well.

Typical Weekly Timetable

The fellow will spend three-four days per week in a private practice setting and one-two days per week at St. Paul's Hospital. This will translate to two-three days per week in the operating room and two-three days per week in clinic. Exposure to both major operative cases and minor procedure cases will be available.

Elective students, residents and fellows intermittently spend time in the office. The fellow is responsible to assist in the office with patient care.

How to Apply
